DATA SENSE

A tool for making sense of your data.

CONTRIBUTION

+Self-knowledge

DESCRIPTION

Data Sense is a research experiment designed by a group of anthropologists, designers and computer scientists at Intel Labs, in collaboration with Savage Internet and Empirical. We are researching whether it is possible to build tools to improve data literacy without making people into statisticians: in Data Sense, you visually interact with data to look for patterns and answer questions. You can also annotate your data to paint a fuller picture. Discover habits you didn't even know you had!

MAPPINESS

The happiness mapping app

DOMAIN

CONTRIBUTION

+Self-knowledge

DESCRIPTION

Mappiness maps happiness across space in the UK. It's part of a research project at the London School of Economics.
1) We beep you once (or more) a day to ask how you're feeling, and a few basic things to control for: who you're with, where you are, what you're doing (if you're outdoors, you can also take a photo)
2) The data gets sent back — anonymously and securely — to our data store, along with your approximate location from the iPhone's GPS, and a noise-level measure
3) What's in it for you?
- Interesting information about your own happiness, which you can download or see charted inside the app — including when, where and with whom you're happiest
- The warm glow of helping increase the sum of human knowledge

USE CASE CATEGORY

Mood monitoring

WEBSITE

CHEAP ENERGY CLUB

Helping you get no-hassle,
CONSTANTLY cheap gas & electricity

DOMAIN

DECISIONS AND
ACTION

DESCRIPTION

- Find you the cheapest deal
We'll do a full market energy comparison to see if you're overpaying on your current deal . If not great - if you are, we'll help you switch
- Constantly monitor your tariff
Then each month, without you doing anything, we'll do a background comparison to check you're still on the cheapest tariff - in case yours has risen in price or others fallen
-Alert you when it's time to switch again
When the time's right for you to switch based on your current details, we'll alert you and show you the best gas and electric deals

(The calculator estimates your current energy usage based on your annual kWh usage, bill amount or Low/Medium/High user data you input.)
